Notes:

# **Summit Township Firefighters want you to know about Life Signs**

We hope you never have an emergency in which you have to call 911. However sometimes that's exactly what has to be done.

Take a step to make sure the police, fire department, or paramedics don't have to waste precious time searching for your house numbers.

A "Life Sign" is a reflective sign, similar to a street sign with your address on it. These have proven to be most beneficial to responders finding house numbers.

Contact the Summit Twp Fire Department about life signs today.

\$20. If you live anywhere in Summit Twp, we'll even install the sign for you for an additional \$5. We'll waive the \$5 installation fee for senior citizens and the handicap.
