

**Summit Township**

2121 Ferguson Road

Jackson, MI 49203

(517) 788-4113

**SUBJECT: FALL FLUSHING PROGRAM**

Dear Sir or Madam:

**Summit Township** will begin its FALL fire hydrant flushing program on September 13, 2021.

Hydrant flushing will take place between 7:00 a.m. and 4:30 p.m. Monday - Friday and is expected to take four weeks to complete

**Napoleon Township** will begin September 27, 2021 .

Hydrant flushing will take place between 7:00 a.m. and 4:30 p.m. Monday - Friday and is expected to take one week to complete.

**Spring Arbor Township** will begin September 27, 2021 .

Hydrant flushing will take place between 7:00 a.m. and 4:30 p.m. Monday - Friday and is expected to take one week to complete.

Flushing is necessary to wash iron and other sediment out of the water mains. This sediment does not affect water quality, but can cause water to become discolored.

The water is safe to drink and discoloration often disappears within a short time.

Residents are advised to not wash clothing while lines are being flushed in their area and for motorists to slowdown and use caution if driving past a hydrant being flushed.

For more information, call 517-788-4113, . Please visit Summit Township website.

Sincerely

Eric Trader

Summit Township DPW

SUBJECT: FALL FLUSHING PROGRAM

Dear Sir or Madam,

Summit Township will begin its Fall fire hydrant flushing program on September 13, 2021.

Hydrant flushing will take place between 7:00am and 4:30pm Monday-Friday and is expected to take 3 weeks to complete.

Flushing is necessary to wash iron and other sediment out of the water mains. The sediment does not affect water quality, but can cause water to become discolored.

The water is safe to drink and discoloration often disappears within a short time.

Residents are advised to not wash clothing while lines are being flushed in their area and for motorists to slowdown and use caution if driving past a hydrant being flushed.
